LITTLE IN THE OTHER COURTS

POLICE COURT.

John Clifford, Hob Molley and Bill Smith, for plain drunks, pleaded guilty and were fined \$1 and costs each.

James Alexander was fined \$5 and costs for being drunk and disorderly.

Drew Strett and Roy Van Dyke were fined \$10 and costs each for a breach of the peace, on motion of the prosecuting attorney.

W. P. Clark of Carlisle county pleaded guilty to a breach of the peace, and on motion of the prosecuting attorney was fined \$5 and costs.

Will Harris, white, was fined \$1 and costs for being drunk and getting into the wrong house. He has but one arm, and for this reason received the leniency of the court.

Will Harris and Sallie Hibbs, colored, were charged with going to the house of Sophie Harris, the former's wife, and creating a disturbance. Harris, it seems, was trying to get the other woman to whip his own wife, for which he was fined \$25 and costs. The case against the woman, who is ill, was postponed.

John Kelley, white, was charged with slapping his sister, Mary, because she was associated with people whom he objected. Her relatives to his advice as a brother were no provoking that the court did not deem it just to fine him, and dismissed the warrant, recognizing him in the name of \$200 to keep the peace hereafter.

A breach of the peace case against Harry Ashbrook, Manager J. E. English of the Kentucky and Mr. G. Rogers, the door keeper, was continued, as the warrant had not been served on the former. The trouble occurred in the front of the theatre Saturday night, and resulted in no serious damage to any one.

James Lester, colored, was fined \$25 and costs for blacking his wife's eye because she didn't have breakfast ready when he went home.

A case against Cleminto Foster, charged with using scathing language toward Ada Denninger, and threatening to cut her throat, was left open. The women swear directly opposite one another, and it looks as if the Denninger woman has sworn to something that is untrue, and will be warranted for perjury.

The case against Al Dawson, colored, a well known backman, for violating the ordinance limiting hack fare to twenty-five cents inside the city limits before midnight was left open. He carried John Mack, a motorman, to his uncle's, out on the Mayfield gravel road, and although it is inside the city limits, it is a long drive, and this may go in mitigation of any fine assessed.

The case against James Berry, a driver for the Palmer Transfer Co., charged with collecting patronage on the union depot platform, was dismissed. No one heard him solicit patronage, and he swore that the two men he placed in his hack solicited him, and already had tickets purchased of the company.

The case against Mr. R. J. Settle, charged with violating the ordinance requiring a \$50 auctioneer's license, was continued until tomorrow.

Walter Snider, colored, for false swearing, continued until Saturday.

Henia Jones, alias Hart, alias Hayes, was held to answer for bigamy. The evidence showed that she claimed to be married to a man in Henderson named Monroe Eppes, and the defense introduced no proof to show that she was not a bigamist. She recently married Lona Boatright of the city.

CIRCUIT COURT.

The last week of the civil term of circuit court began this morning, and next Monday the three weeks' term of court begins at Benton. April 1st is the regular criminal term of the Mo. Crackers term begins, and there will doubtless be a large docket.

In the consolidated cases of J. M. Lang and others against A. H. Edwards and others, and W. L. Edwards against A. H. Edwards, the plaintiff in the former case is given a judgment for \$250 and the plaintiff in the latter action is given a judgment for \$400 and an attachment is also given to secure the payment of the judgment.

Mrs. Mary Frank, eccentric, has filed a suit against H. A. and N. E. Story for a general attachment on the defendants' property to satisfy a judgment for \$4,370, which, with interest, now amounts to \$51,60. The petition says that papers for an attach-

PRINCE HENRY HAS ARRIVED

He is Extended a Cordial Welcome By the People of America.

New York, Feb. 24.—Prince Henry of Prussia, representative of his brother, the emperor of Germany, at the launching of the latter's American built yacht, reached New York yesterday morning and was cordially welcomed as a guest of the nation.

The land batteries that guard the outer harbor sounded the first greeting in a ponderous salute of twenty-one guns; the rifles of a special naval squadron assembled in his honor echoed the salutation; there were verbal greetings from the representatives of President Roosevelt, the army and navy and the city of New York and a great crowd lined the way to the city to see and cheer the sailor-prince of Germany.

Rear Admiral Evans, commander of the special squadron and honorary aide to the prince, left the flagship Illinois at 9:40 o'clock in the naval tug Nina. With him were Captain G. A. Converse, his chief of staff, Flag Lieutenant Frederick Chapin, Ensign Frank T. Evans, aide, and Captain Belson Paschwitz, naval attaché at the Washington embassy of the German government.

"White House, February 22.—Prince Henry of Prussia, the Hohenzollern, New York:

"Accept my heartfelt greetings on your safe arrival. I thank you for your message. In the name of the American people I will see you, and I look forward to meeting you personally tomorrow."

"Theodore Roosevelt."

The prince invited to luncheon those of the Americans among his callers who represented the navy, and, seated there, were at the board the members of the prince's suite, and members of the German embassy at Washington.

The prince boarded the tug Nina at 8:30 to repay his call. He was accompanied by one aide and Admiral Evans and Ensigns Evans and Chapin. He visited the navy yard first, called on Admiral Barker and then Governor's Island, where he called on General Brooke. From Governor's Island the tug proceeded to the battleship Illinois, where he called on Admiral Evans and inspected the ship. He was received by the admiral with the salute of twenty-one guns, and the prince advanced to the end of the bridge of the Kron Prinz Wilhelm, and stood at attention. As he passed the big American flag flapping over the fortifications, he touched his cap in salute, and the members of his suite did likewise. The flag at the jackstaff of the Kron Prinz was dipped, and the German naval band, accompanying the prince, played "The Star Spangled Banner."

Washington, Feb. 24.—Prince Henry was warmly welcomed by President Roosevelt today, and there was a big crowd to see the procession from the train to the White House. The visitors were guarded by secret service men.

There was also a warm welcome at Baltimore, and the prince came forward and the prince came forward

ment were placed in the hands of the sheriff when the judgment was handed down, but the retainer showed no property found. It is alleged that the defendant has property in Marshall county that is in the name of N. E. Story, and he wants the deed pronounced null and void and the property declared that of H. A. Story and his general attachment issued against it.

In the case of William Floyd against the Paducah street railway, the motion for a new trial was sustained, and the case set for trial on the second day of the April term.

In the case of Boike against the U. S. Improvement Society, the motion for a new trial was overruled.

In the case of Peter Roche, administrator, against Earle Pugh, a judgment to sell land was filed.

The case of Jennie E. Beard against the Manhattan Life Insurance company was reinstated on the docket and a mandate from the court of appeals filed.

The case against Mr. R. J. Settle, charged with violating the ordinance requiring a \$50 auctioneer's license, was continued until tomorrow.

Walter Snider, colored, for false swearing, continued until Saturday.

Henia Jones, alias Hart, alias Hayes, was held to answer for bigamy. The evidence showed that she claimed to be married to a man in Henderson named Monroe Eppes, and the defense introduced no proof to show that she was not a bigamist. She recently married Lona Boatright of the city.

REPORTED CHALLENGE.

TILLMAN'S NAME TAKEN FROM A DINNER LIST BY PRESIDENT.

Washington, Feb. 24.—President Roosevelt today withdraws his invitation to Senator Tillman to attend the dinner to Prince Henry. Senator Martin of Virginia takes his place. Neither Tillman nor McLaurin's name was on the Senate's roll call today. It is reported that McLaurin has challenged Tillman to fight a duel.

BIG JUDGMENT

L. AND N. WINS SUIT ON A CONTRACT MADE IN 1872.

Louisville, Feb. 24.—Judge Tony, this morning gave the L. and N. a judgment against the Louisville啼啼公司 for \$150,000, and \$1,000 against the Pan Handle for breach of contract made in 1872.

TRUST WINS.

SUPREME COURT DECIDES IT HAS NO JURISDICTION IN MINNESOTA CASE.

Washington, Feb. 24.—The supreme court holds that it has no jurisdiction in the case of Minnesota against the Northern Securities company. This is a victory for the railroad trust.

IMPORTANT ARREST.

Mose Maxey Charged With Stealing Brass From Water Company.

Two Other Alleged Thieves Taken in Custody By the Police.

Officer James Collins made an important arrest this morning just before noon. Mose Maxey, colored, was arrested on the charge of stealing brass, tiling and tools from the Plainwater company. The stuff stolen is estimated to be worth about \$60. Most of the tools were pawned at Levy's shop, but the remainder of the stuff, the brass and piping, remains to be found. The list of stuff pawned fills several medium sized jugs, and Mr. Levy was at the city hall this afternoon with the list to aid the officers in recovering the remainder of the goods. A warrant was issued against Maxey this afternoon, and he will have his examining trial this morning.

Judas Alexander, colored, who was

arrested on the theft of hides and bundles of sacking from the Ohio Valley Produce company, is again under arrest on a warrant charging jail larceny. Henry Watkins appeared and swore out the warrant charging the defendant with the theft of his coat.

The case will be tried tomorrow morning.

THE PHILIPPINE DEBATE.

The dispatches say that Senator Spooner "got sulphurous" during the debate on the Philippine tariff bill. The Democratic attitude on the bill is enough to make any sensible Senator sulphurous. When the cooler people of the country were urging deliberate, judicious action in the Spanish-American trouble a few years ago, the hot-headed Democrats were clamoring for war, and the Democratic press recked with inflammatory demands for swift action against Spain for the Maine disaster. They wanted war, and wanted it quick. They even went so far as to call President McKinley and the administration cowards because they wanted to go slow. Finally they got the war. It was a brilliant victory for us, but that did not end the affair. We acquired certain territory as a result of that war. Right or wrong, we bought the Philippines, and they belong to us. If it is the desire of the uncivilized natives there who have been bearing arms against the United States since then, to be whipped or exterminated, it is no fault of the administration. They have no more right to the land they live on, and no more right to govern it as they see fit. In their embryo civilization, than the people of Kentucky have to rebel against the government, take possession of the state and run it to suit themselves. The United States guarantees to the people of Kentucky a free and independent form of government, and if this is good enough for us, it ought to be for the people of the Philippines, whom we have freed from the Spanish yoke, and for whom we entertain only the kindest of feelings. We have guaranteed the Filipinos as good a form of government as we have, and if it does not suit them, it is because their vanity has deluded them into the belief that they are more talented than their homes, customs and habits would justify the rest of the world in believing. At any rate, the islands belong to us, and what does not suit the people living on them will have to learn to like, or grin and bear. The Democratic idea is to abandon our possessions and pull down our proud flag, to leave a people totally unfitted to govern themselves to learn by perhaps years of bloodshed, violence and disappointment what we can teach them in a few years of peaceful prosperity, if they will but give me a chance, is sheer idiocy. This government will never do it, and Congress will never do anything that is suggested by the class of statesmen who are in favor of such a course. The Republicans in Congress may be counted on to do what is right, and it is a safe wager that it will not be what the Democrats in Congress advocate.

INVESTIGATING ELECTIONS.

Ante the elections in several Southern states, which may be thoroughly investigated by Congressional committees, the St. Louis Globe Democrat says:

"The proposition of Crumbacker was to ascertain the extent which these states have violated the fourteenth and fifteenth amendments to the constitution, and then to inflict the penalty imposed by the former, which would cut down the representation of each of those states in the House of Representatives, and in the electoral college. Nothing of this sort is contemplated under the plan just adopted by the Republican caucus. After the investigation is completed, however, the country will know just how far the offending states have violated the federal charter, have deprived a race of their rights, and have inflicted injustice upon the country at large."

"The caucuses did well in incorporating some of the Bartholdi propositions in their plan. Some flagrant usurpations have been made upon the ballot in the three states—Missouri, Kentucky and Tennessee—which the Bartholdi amendment includes. In the House committee's inquiry, A gubernatorial election was stolen in Tennessee in 1894, when Henry Clay Evans, the Republican candidate, who had a plurality on the face of the returns, was fraudulently

counted out by the Democratic legislature. For two years after that date the people of Tennessee were presided over by a man whom they had rejected at the polls, after one of the most exciting canvases in the recent history of the state. Kentucky recently deprived a Republican governor of his office through the operation of a law which was intended to defeat the will of the people, should they, as they did in that case, decide against the Democracy. Through the operation of the grossly indecent Nobis law, the will of the people of Missouri in its most important city has been set at defiance, and men have obtained office under it who were opposed by a large majority of the city's voters, and who could not get a plurality under any honest election law. It is well for the country to learn the extent of all these frauds by a fair and full investigation. This sort of an inquiry will be had under the proposition which has just been adopted by the Republicans of the House."

If the city of Paducah succeeds in getting the second class charter we want it, we should fare well under the second class.

There is no doubt, however, of the fact that the delegates who have gone to Frankfort have a hard fight to make. Next year mayors are to be chosen for Covington, Newport and Lexington. The regular term is four years, and the intention of the Paducah representatives is to have the legislature make it a two year term, so all second class cities' mayoralty will begin the same time which will entitle them to two years of some of the aspirants, tenure of office. There are already many prospective candidates for the offices in the three cities named, all of which are larger than Paducah, and each probably thinks he is going to be elected, and so do his friends. And believing that he is to be the successful aspirant, he will fight strenuously to prevent the term of office being cut in two. So will his friends. All of them in all three of the cities are going to make a powerful adversary for Paducah, which is smaller than any of the other three, and reasonably has no more influence than any of them, and yet has all three of them to fight, to say nothing of the influence they can muster at Frankfort. It is practically certain that the bill to pay the city jailor \$2,500 a year cannot be defeated, and the Paducah delegates have little hope of defeating it. The other change desired is to have salaries of fire and police chiefs fixed by the council instead of the commissioners appointed under the second class charters. The same fight will be made against his proposed amendment from Paducah as against the other. Of course it probably will not hurt to get what we want, but the prospects are very dim for getting it, and we might as well stay at home and save our money.

The Solley partisans seem disposed to die hard. The President's decision, however, has effectually squelched the controversy. As the Globes-Democrats declare, the President's deductions are based on official facts, which he grasps tersely and lucidly, and his views must be pronounced absolutely convincing. As a military spectator almost on the spot, the President was exceptionally well informed concerning the memorable sea fight at Santiago. But it is evident from his official statement that he has recently re-acquired, by close study, a broad mastery of the details, and his ability and impartiality in presenting them are evident to every reader. The President concludes, as President McKinley did, that Sampson was technically in command throughout the fight. Solley, he decides, was not in command, either technically or actually. Neither Sampson nor Solley gave a single order during the battle that was observed on any other ship than the one bearing them personally."

The San is glad to note that other papers have taken up the matter of cleaning the streets of Paducah, and keeping them clean. This should have been done long ago, but it was not. It was suggested before the most prominent visitors who came to the Y.M.C.A. convention arrived, but for some reason no move was made to do it, and as a result they have had the opportunity to see some of the filthiest streets in the state. The city council should take the proper steps, before spring, to have the streets systematically cleaned and sprinkled throughout the summer. There is not so much necessity for it in the winter, but in summer it is most essential for the health of the community, and the appearance of the city.

CHANGE AT HOPKINSVILLE.

A change in Hopkinsville of interest to local tobacco men is that dissolving the firm of W. M. Fluck & Co., dealers in leaf tobacco. Mr. Norman Smith has retired to become buyer for the American Sunnif company, Mr. James D. Russell succeeds him.

DROWNING AT BENTON.

Benton, Ky., Feb. 24—Charlie Brown, the seven year old son of Tom Brown, a well known school teacher, was drowned in a pond near the city Saturday while playing on the ice. The body was recovered shortly after.

ST. LOUIS EXCURSION.

The Illinois Central will run their annual excursion to St. Louis on Thursday, March 20th, by special train, to leave Paducah about 11 a.m.

and arriving St. Louis 5:30 p.m.

Rate and limit will be announced later at J. T. Donovan, Agent.

EIGHT NEW MEMBERS ELECTED.

Saturday night at the meeting of the Builders' Association, eight new contractors were taken in. No action

was taken in the matter of incorporation, but will probably be at the next meeting.

The Chatanooga Times echoes a deep rooted sentiment when it says: "There can scarcely be a doubt but what Wheeler has more or less seriously damaged his party's prospects of securing a majority in the popular branch of Congress this year. A few more such speeches as he made in the House last Friday would ensure an enlarged Republican margin, and thus more firmly intrench that party in power."

We are shortly to have three new states—Oklahoma, New Mexico and

Arizona. They have been recommended by the senate committee and this is a sufficient guarantee of their worthiness.

The United States corporation has got everything in this country, and has gone to Sweden to find other worlds to conquer.

WILL SPEAK.

Road Supervisor Johnson to Address Fiscal Court at Benton.

He Says There Will Be Little Road Work Done in McCracken This Year.

Road Supervisor E. B. Johnson and Mr. Will Yancey leave tomorrow for Benton, where they have been invited to address fiscal court on county road work.

Newton is to work her roads by taxation, as McCracken county is doing, and the magistrates desire to get the benefit of our experience.

Mr. Johnson stated this morning that there will likely be little work done on the county roads this year. There is no money with which to do it, and next year it is expected that the county will begin graveling the roads. Overseer Johnson thinks there is little advantage in working the roads as they are now, as the work has to be done over again every year.

A THOUSAND DOLLARS

THROWN AWAY.

Mr. W. W. Baker of Plainview, Neb, writes: "My wife had lung trouble for over fifteen years. We tried a number of doctors and spent over a thousand dollars without any relief. She was very low, and I lost all hope, when a friend suggested trying Foley's Honey and Tar, which I did; and thanks to this great remedy it saved her life. She is stronger and enjoys better health than she has ever known in ten years. We shall never be without Foley's Honey and Tar, and would ask those afflicted to try it."

J. G. GILBERT.

M'GOVERN WON.

Louisville, Feb. 24—Terry McGovern "Terrible Terry," won in the fifteenth round Saturday night from Dave Sullivan, in a twenty-five round bout. Four thousand people witnessed the fight, which was lively from the start. McGovern began getting in his best work after the seventh round, and a left hook on the jaw put him out in the fifteenth. He went down, but arose after the ninth count, to be knocked down again and counted out by Fitzsimmons, who referred the fight.

A NIGHT ALARM.

With than an alarm of fire at night there is the brassy cough of croup, which sounds like the children's death knell, and it means death unless something is done quickly. Foley's Honey and Tar never fails to give instant relief and quickly overcomes the worst forms of croup. Mrs. P. L. Corder of M'Gowen, Ky., writes: "My three year-old girl had a severe case of croup; the doctor said she could not live. I got a bottle of Foley's Honey and Tar; the first dose gave quick relief, and saved her life." Refuse substitutes.

LONG SERVICE OF ENGINEER.

Engineer Charles Ritter, of the N. C. and St. L., has just celebrated his 54th birthday, and at the same time his 38th anniversary as a railroad engineer. He made his debut on the Memphis, Clarksville and Louisville railroad. He has never had a passenger injured in all these years, and has himself met with but one accident, and that is when his engine went into the ditch because he was not flagged.

Kidney complaint kills more people than any other disease. This is due to the disease being so insidious that it gets a good hold on the system before it is recognized. Foley's Kidney Cure will prevent the development of fatal disease if taken in time.

BEASLEY WAS ACQUITTED.

Hickman, Feb. 24—The examining trial of Hardee Beasley and R. M. Potts, charged with the murder of Bill Dooley at Fulton several days ago, were called here Saturday afternoon, and Beasley was dismissed, there being no evidence against him. The trial of the other defendant was postponed until Tuesday. It is said there will be other arrests.

Captain J. C. GILBERT.

It is a matter for some little jubilation that Tillman and McLaurin, the inimitable pair from South Carolina, who had at last come together in the old reliable way, but it is a matter for sincere regret that it was not a fight to a finish. Such disgraceful conduct on the floor of the Senate was perhaps no more than could be expected when men like Tillman are allowed to constantly work off their belligerence on the other members.

THREE BIG GORGES

Very Little Ice Passing This Port at Present—Gorged Below Evansville

There Has Not Yet Been a Resumption of Navigation From Here to Evansville.

MINOR RIVER MATTERS OF INTEREST

The river is still falling here, and there has been no resumption of navigation because of the ice. It will require but little of this sort of weather to cause the ice to sink, but at present it is gorged at three places between Cairo and Cincinnati, and no boat dare venture out until the gorges have disappeared.

The New South and Joe Fowler are still laid up here, and it is uncertain when they will leave. It is feared that there will be considerable damage to floating property when some of the larger gorges break.

The master of every passenger steamer shall keep a correct list of all the passengers received and delivered from day to day, noting the places where received and where landed, which record shall be open to the inspection of the inspectors and officers of the customs at all times, and the aggregate number of passengers shall be furnished to inspectors as often as called for; but on routes not exceeding one hundred miles, the number of passengers, if kept, shall be sufficient." The penalty for the failure of any master or a passenger steamer to keep a list of passengers, as required by section 446, is a fine of \$100.

The Chattanooga and Tennessee River Packet company today leased the steamer Library, of 800 tons burden, to ply the Tennessee, Ohio and Mississippi rivers between Chattanooga and St. Louis. The company is composed of the leading business men and manufacturers of Chattanooga, who are now operating the Avalon between Chattanooga and Cairo. The boats will not be operated in hope of gaining concessions in freight rates from railroads.

Very little ice in the Ohio passing here today. The river is gorged at Hotwell, just below Evansville; also at Louisville and Cincinnati. The Wabash is frozen over. No packet leaving here for Evansville. Quiet in river circles today with steamboats, but the dry docks and Marine Ways are full of business.

DEVELOPMENT OF BIBLE STUDY

AT "THE KENTUCKY."

The following was delivered by Mr. W. L. Williamson, of Franklin, Ky., at the Young Men's Christian Association, on the "Development and Maintenance of Interest in Bible Study."

Tracing the history of man from the shadowy vale of barbarism to the present plan of civilization we discover a universal law. That his success in achievements has depended upon his wise selection of a natural leader. Then we might say that for the development and maintenance of a little study the most essential and all important factor is a suitable man for the chairman of the Bible study committee. He should be a man in whom the students have the utmost confidence, the strongest student in college, the president of the association, and one who is God-fearing and prayerful; who is willing to devote sufficient time to his work and will labor for the welfare of the association. The duty of this chair man will be, after the time and place of meeting shall have been appointed, to select leaders of the weekly class study, who are willing to devote extra study, though not power to the preparations of week's lesson in order that he may bring out the important thoughts and truths therein. There should be a committee appointed to co-operate with this chairman, composed of men with strong moral convictions, who have the interest of the work at heart, who will do all in their power to maintain interest in the work. It will well to study and put into practice methods that have been successful in other colleges. If no previously existing this committee should be appointed at the earliest possible date after the opening of the college year. In order to arouse interest among the students in Bible study it would be advisable to let the first devotional meeting be a "Bible Day." Led by a professor of the college in whose life as a Christian they have full confidence, or a business or professional man of the town whom the students know is interested in them and whose life is consecrated to God. Immediately after a short, stirring talk by the gentleman selected on the importance of Bible study let the pledge cards be circulated among those present in order that as many as will may join at once. It is imperative that the committee extend a personal invitation to every student to join the class the week following the "Bible Day."

Each student should possess a copy of "Harmony of Gospels," and also a copy of the "Studies in the Life of Christ," which can be purchased from the Y. M. C. A. headquarters. See that these are ordered immediately so as not to delay the first meeting. To maintain the greatest amount of interest in the study of this kind urge upon the members the importance of a systematic daily study. It will be well to begin the day's work with the study while the mind is fresh. Too much stress cannot be laid upon the necessity of every member attending each meeting. That you may encourage prompt attendance always begin your meeting on time. One of your rules should be to see each absent member before the next meeting and present to him your regrets of his absence. That all may become more interested assign each time an historical account of the characters presented in the lesson to some member of the class.

The committee should realize that the canvas of the students should not cease here, but continually strive to increase the number of Bible study members in the school. There are several reasons why the work should not cease after organization, one is that about one-third of the original members usually drop out and another is that students should be brought in before they have an opportunity to form evil associations. The results of bringing in new students will depend upon the amount of interest being maintained by the class. In considering these suggestions I would have you remember that the systematic study of the Bible among students is most important and indeed if systematically given to any branch of the Y. M. C. A. work it is the study of the Bible and for the development and maintenance of interest in Bible study two must not neglect our season of prayer.

engaged to marry Alexander Dow, a well known contractor. A few weeks after, owing to illness, she retired from the east for a week. Marie Murphy, the clever little comedienne who plays Onynna Sun, the Japanese girl, took her part, and wore the fatal pajamas. Before the week was out her engagement to J. E. Mullfield, an official of the Canadian Pacific railroad, was announced. The members of the company all expect something unusual to happen to everybody whom circumstances force to don those rayon garments in the first act of this clever little musical play.

"Flunegan's Hall" at The Kentucky Saturday afternoon and night was greatly enjoyed. There is just enough plot to get a vehicle for the admirable specialties that are introduced, and keep the spectators in continual good humor. Messrs. John Moran and Mart Murphy, as "Casey" and "Flunegan," are excellent Irish comedians, and keep the audience in an uproar whenever they are on the stage. The company boasts of some of the best dancers in the stage. Edna Marilla, the little soubrette, is one of the most captivating dancers ever seen here, and the rag time dancing of Johnnie Danagher and Frankie Trumbull was first class. William Hoyt, as the tramp, made a hit, and his singing of "Oh, I'm so Tired" was fervently received. The songs of Henrietta Tedro, the female lori-tone, were novel and up to date, and the "When Romeo Comes to Town" made famous by Rogers Brothers, was admirably sung by Moran and Murphy and Randle and Fausto Trumbull. A walk ended the second act. Miss Emily Edwards as "Mrs. Casey" proved most popular, and is one of the best contraltos ever heard here. She was forced to respond to several encores. The other features were all fine, and entitle "Flunegan's Hall" to rank with the best of farce comedies. It is under the management of Manager James E. A dream of snappiness, with only an awakening to delightful melody and irresistible laughter, is promised our theater goers tonight at The Kentucky. They are to have the first view of "King Dodo," the new musical comedy which met with such unqualified success during a run extending five months at the Studabaker theater, in Chicago, during the past summer. Frank Pixley and Gustav Luders, authors of "The Burgomaster," are responsible for the work, a combination of music, and a purely laugh-provoking comedy foundation in the very best vein of Mr. Pixley.

Many musical numbers are promised of the character calculated to set the public a whistling, and the piece is set in a scenic frame of elaborateness and rare beauty. The splendor of the costumes is also dwelt upon with great stress. A few good seats still remain.

A coal car jumped the track in the south yards last night and was badly wrecked. The wrecker was taken to the place and the wreck cleared. It was on a side track and did not interfere with the running of the trains.

The surveying which the Illinois Central has been doing between Mounds and Olive Branch has resulted into a railroad line which will be the connecting link between the two bridges, says the Cairo Citizen. The articles of incorporation of the Mounds and Olive Branch road have been filed for record at the court house. The company was organized on February 20, with a capital stock of \$10,000. The object is to build a line from Mounds to Olive Branch and then make connection with Chicago and Eastern Illinois railroad, using its track to Thebes and the bridge. This line will make the distance from Cairo to St. Louis by way of Thebes and Grand Tower, only eight miles longer than the route by of Carbondale, and the road will be a low grade line, making the cost of operating much cheaper. It will also permit the Central to divert all of its St. Louis business from the main line and thus save that percent of gross earnings which it annually pays into the treasury from the earnings of its original line.

MOODY FOR THE CABINET.

MASSACHUSETTS CONGRESSMAN LOOKED UPON AS THE SUCCESSOR OF SECRETARY LONG.

Washington, Feb. 21.—There is much speculation as to the successor of Secretary of the Navy Long. Mr. Long is not likely to leave the cabinet for several months, and it is understood that the President has not seriously considered the question of selecting the man to take his place. There is reason to believe, however, that when the time comes to act in this matter, the name of Representative William H. Moody of Massachusetts will be among those from which the President will make the choice. Mr. Moody's friends regard him as especially qualified for the cabinet position.

His long service on the appropriations committee have given him peculiar equipment for high public station.

FLOYD IN LOWLANDS.

Masters Harry Singleton, Clem Bleich and Itoy Katterhoff have placed an electric call bell in the jail and in Jailer Jones' residence across the street. Mr. Jones has needed such an arrangement for some time and the job is as well done as it would have been had an expert electrician been employed.

Foley's Honey and Tar is best for bronch and whooping cough, contains no opiates and cures quickly. Careful mothers keep it in the house.
